

Walla Walla Crash Fest

Car Races

- Heat Races
- Aussie Races
- Figure Races
- Mechanic Races

The rules and/or regulations set forth herein are designed to provide for the orderly conduct of racing events and to establish minimum acceptable requirements for such events. These rules shall govern the condition of all events, and by participating in these events, all participants are deemed to have complied with these rules. NO EXPRESSED OR IMPLIED WARRANTY OF SAFETY SHALL RESULT FROM PUBLICATIONS OF OR COMPLIANCE WITH THESE RULES AND OR REGULATIONS. They are intended as a guide for the conduct of the sport and are in no way a guarantee against injury or death to a participant, spectator, or official.

The race director shall be empowered to permit reasonable and appropriate deviation from any of the specifications herein or impose any further restrictions that in his/her opinion does not alter the minimum acceptable requirements. NO EXPRESSED OR IMPLIED WARRANTY OF SAFETY SHALL RESULT FROM SUCH ALTERATION OF SPECIFICATIONS. Any interpretation or deviation of these rules is left to the discretion of the officials. Their decision is final.

If you have questions, contact Blaine at 509-520-9333.

RULES:

- Open to any front or rear wheel drive car
 - No AWD or 4X4 vehicle
- Must have all trim, glass, carpet, extra seats not being used, headliner, trash, and tools removed from the vehicle.
 - Trim pieces include but are not limited to lights, mirrors, excessive emblems near areas that can be hit, basically anything that can fall off when hit.
- Must have a seat belt
 - 4 point harness is recommended
- Must have a fully loaded fire extinguisher mounted within reach of the driver.
- The battery must be relocated inside of the car and securely mounted to the passenger floorboard, completely tied down and covered for your protection.

- Stock gas tanks are ok if they are in front of the rear axle. If they are behind the axle, they must be moved inside of the car and securely mounted.
 - Boat tanks are ok, they just have to have new fuel lines and be securely mounted in the trunk or rear seat and covered.
 - If you have an electric fuel pump then you must have a securely mounted and accessible fuel cut-off switch for officials, and the car must be marked with an E on the roof.
- Holes in the firewall on the inside of the car must be covered for fire safety.
- Screen on the front window is a must, either metal mesh with holes big enough to see through and small enough to catch debris from other cars on track.
 - The front windshield bar from the top of the windshield to the cowl must be used at a minimum of 2" x 1/4" flat strap.
 - A screen on the driver's window is also recommended.
- Mud flaps are to be run no matter what, behind the drive tires including front-wheel drive.
 - If running skid steer or tractor tire type on a rear-wheel drive you have to have your full rear end "skirted" securely from the driver's side to the passenger side to ensure the safety of the crowd.
- Fire holes must be cut in the hood a minimum of 12x12 for fire dept access.
- Bumpers front and rear can be homemade or stock but cannot have any jagged cuts, extend wider than the car except to wrap around/protect fenders, and have to have clean non-sharp, or jagged cuts.
- Roll bar must be a minimum of 2 posts behind the driver's seat from the floor to the roof.
 - H bar is recommended
 - Metal for both is a minimum of 2 x 2 x 1/4
- Dash bar is recommended at a minimum of 2 x 2 x 1/4
- Drivers door bar is required
 - Minimum of 6 x 1/4 channel or square tubing
 - A Full Roll cage is recommended

If you have any questions on build rules please reach out to event officials.
